

# M/S Carl Michael Bellman

A MODERN BOAT WITH WITH LARGE WINDOWS AND A BRIGHT DINING ROOM

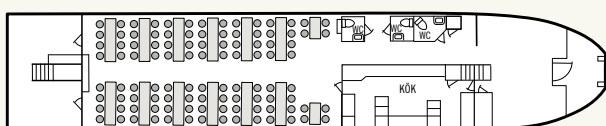

M/S Carl Michael Bellman is a modern and comfortable archipelago boat. The big windows in the bright and the spacious dining room gives you a nice view of the surroundings. In the upper lounge there is room for a smaller company and in fine weather you can enjoy the beautiful sundeck. M/S Carl Michael Bellman has a depth of just

1.5 meters and is therefore the only one of our restaurant ships that can pass around Hisingen.

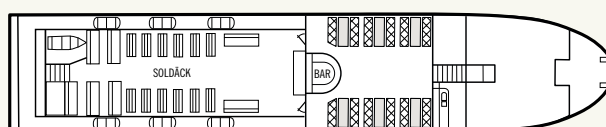

We are happy to help you organize corporate parties, dinner cruises, sightseeing or transport on our modern archipelago boat.
