## **AMSTERDAM IN THE SPOTLIGHT**

**Take a cruise with us this winter during Amsterdam Light Festival. The seventh edition of the festival places Amsterdam in the spotlight once more.**

Deriving its inspiration from the theme 'The Medium is the Message', national and international artists have created some 30 unique works, which can be admired along the canals. The best way to experience the festival is from the water, with the Amsterdam Light Festival Cruise, which sails past all the artworks.

Canal Tours Amsterdam, part of Stromma Netherlands, is the founding partner of Amsterdam Light Festival. Enjoy a cruise along the artworks and delight in a first-class experience of the water exhibition.

Board your private boat with your group for an enchanting evening cruise along the artworks. The art is illuminated every night from 17h00 to 23h00.
