

M/S Göteborg

BEAUTIFUL ARCHIPELAGO GEM

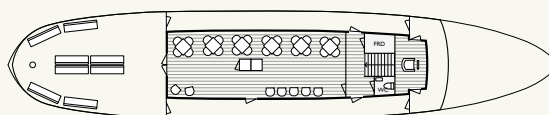

M/S Gothenburg, a beautiful ship built in 1915 in Motala Werkstad. She has previously operated everything from Norrköping-Valdemarsvik, Stockholm archipelago, Mälaren, and Vättern to Gothenburg, Bohuslän and the West Coast. She now traffics Gothenburg's archipelago, both on regular cruises and on specially arranged tours. On board, there is a spacious dining room with an

atmosphere from the turn of the century, upstairs there is a saloon and a lovely sun deck.

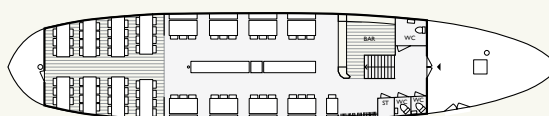

M/S Göteborg is well suited to both a la carte serving, buffet service, and mingling arrangements. We are happy to help you arrange weddings, company parties, dinner cruises, or transportation onboard our classic archipelago boat.
